ACCREDITED, EVIDENCE-BASED CURRICULUM

ACLS Certification Institute curriculum is nationally accredited through numerous accrediting entities. It teaches the 2015 AHA-published resuscitation and emergency cardiovascular care (ECC) guidelines and meets the Joint Commission Standard PC.9.30 for evidence-based training programs for resuscitation.

APPROVED FOR CEU/CME CREDITS

ACLS Certification Institute courses have been vetted by several respected and well-recognized third-party associations to ensure the curriculum provides the training needed. Clinicians can apply for CEU/CME credits for the time they spend in the courses. These credits are accepted by the

- American Medical Association
- American Association of Nurse Anesthetists
- American Nurses Credentialing Center
- American Dental Association
- Accreditation Council for Pharmacy Education
- National Registry of Emergency Medical Technicians
- Commission on Accreditation for Pre-Hospital Continuing Education

MEDICAL ADVISORY BOARD REVIEWED

ACLS Certification Institute courses are reviewed by its medical advisory board, which consists of expert emergency medicine clinicians with years of experience. These professionals also review the articles and resources found in the comprehensive, up-to-date library of emergency life support resources and references available online for clinicians.

VALIDATED SKILLS EVALUATIONS

ACLS Certification Institute can also provide a checklist that follows the 2015 ECC guidelines if a skills verification form is required. Upon completion, skills verification forms are validated to ensure the evaluation was performed properly by a qualified professional before issuing the clinician's certification card.

More than a **100,000** healthcare professionals have successfully earned and maintained their certifications with ACLS Certification Institute.
